9.1	**Tri-Lug**	**1:10**	**24.5/27.9**	**5.9**

SPC9®

special purpose carbine

Born from a European tender requesting a 9mm carbine with the same handling characteristics and ergonomics as the AR platform; the all-new SPC9 incorporates many of the features found on the B&T APC9, MP5 and AR platforms combined into one, very versatile platform. Lightweight and reliable, well balanced and accurate, safe and modular – the SPC9 checks all the boxes and is one of the lightest recoiling 9mm carbines available, thanks to B&T's innovative and effective hydraulic buffer system.
